

## **Children's Online Privacy Protection Act**

The Children's Online Privacy Protection Act (COPPA) was enacted to ensure that parents are in control over any information collected from young children online. The rule was designed to protect children under the age of 13. Wilson Bank & Trust understands the importance of establishing relationships with children who will be our future customers, but we do not request personal information from children at locations on our website that are directed to children, and we do not solicit their participation in online activities where they might be required to enter any type of personal information.
